

---

In the film, Talvar, a police detective in India is investigating a murder high-profile case in which a powerful politician's daughter goes missing. As the investigation deepens, he notices that no one is telling him everything and begins to uncover a web of corruption and evil. The movie was released in 2015 and has been nominated for numerous awards including an Oscar nomination for Best Foreign Language Film. It's well worth watching if you're interested in learning more about South Asian culture or looking into how women are treated around the world. In 2013, then-14 year old Talvar star cast Aishwarya Rai made headlines when she was raped by her co-star during filming of this movie. It's interesting to compare the movie against the real-life case of Avantika Gupta whose story is very similar. Avantika Gupta, wife of a powerful politician in Uttar Pradesh, India has been found murdered. Her family suspects that her husband may have killed her. However, her husband, who says she left him after becoming pregnant with his child, says he did not do it or even know where she was. The film covers many issues including the lack of justice for women in Asia and Asia's treatment of women especially Muslim women under Sharia law. The film was released in 2015 and has been nominated for numerous awards including an Oscar nomination for Best Foreign Language Film.
